

TESTIMONIES

PETER TOH (SEPT 2016):

The course taught me to acknowledge God and that He has 100% ownership over my finances and possessions. I have also learnt to put financial matters in a different perspective; to be contented with what God has provided and being a good steward for the Lord.

Michelle Liew (Sept 2016):

The course helped ME to recognise God's ownership over all my finances and possessions. I also have learnt to be accountable to God for my finances and live simply and humbly.

William Teng (Sep 2016)

This Crown Biblical Studies bring God into the central equation of our financial wellbeing, our attitude towards money, our stewardship and perspective on various aspects. It really is about God – starting with the blessings on our lives which lead to contentment and security, instead of the pursuit and preservation of worldly wealth. Everything that is given can be taken away if we are not careful. It is about our past, present and future - on issues of money, possession and eternity.

Course Presenters:

principles; know Christ more intimately
and be freed to serve Him.

Join us in transforming your beliefs and
attitudes towards money; transform
your life!

(Course Materials from Crown Financial Ministries)

*Program led by
AMKMC Men's Fellowship*

INTRODUCTION TO THE STUDIES

Why does God give so many instructions on how to handle money in our lives in the Bible - some 2000+ verses to financial related issues, more than faith and prayer combined?

What exactly is the love for money? In reality how can money exert a tight grip over our lives? Often we are led to believe that more of it provides better security. Many spend a lifetime relentlessly pursuing worldly wealth.

By studying and applying what God's word teaches us about money, possession and eternity, we can overcome deceptions and lies about them.

How we handle money impacts our relationship with the Lord. Apart from tithes, the Lord is still the owner of all that we have. God is concerned about our orientation towards work, investment lifestyle and even our debt management approach.

By learning to take steps in breaking away from this "invisible" master, who is able to subtly draw, entice, and eventually dictates the everyday focus of our lives, we can be freed to enjoy God's abundant blessings.

This in-depth biblical financial study provides an avenue to:

- share & examine critical aspects of our financial life,
- manage &/or get out of debt,
- identify & take steps in applying Godly financial principles in real life and
- praying together.

Starting 27th June 2018

Wednesdays - 7.45 pm to 9.45 pm
